## Narrative Summary of the Project:

The project originated with the local business owners. It was their idea that if they provided refreshments and drink for trick-or-treaters throughout the evening, then perhaps the town would suffer less damage at the end of the evening. Community Betterment members support this project as it gives our youth an alternative activity on a night, which traditionally has provided opportunities for them to get into trouble. When the suggestion is brought before CB members it is always met with enthusiasm.

Community businesses usually take up donations among themselves to cover the cost of refreshments. Community Betterment provides the use of the Community Building or Park depending on the weather and volunteers to help serve refreshments throughout the night. A costume contest was held again this year and Community Betterment provided the prizes given out to the winners.
