Narrative Summary of Project:
Based on the original survey of community needs, two of the goals of the local JCB are to sponsor community clean up activities and to improve property to enhance living conditions. The community has several abandoned houses that are falling down. The JCB has a plan to demolish a number of these houses as permission and funding is secured. In the 2006-07 project year one home was demolished. In this project year, two houses, one in north Jameson and one on OO Highway in south Jameson were demolished. The city, fire department, Adam-on-di-Ahman church group, JCB members, and families of the homeowners all worked on this project. One project was completed in September 2007 and one in May 2008.
