Narrative summary of project:

A walking trail was constructed in 2007 using all volunteer labor. However, with the heavy rains and flooding in 2008, maintenance work was needed. Construction materials had depleted all funds raised for the original project. Clarence Community Betterment Group decided to hold a dinner theater to raise additional funds for the upkeep of the walking trail and eventual paving of the trail.

CCBG members along with community members served ham dinner and then presented the "WCAL Presents a Down Home Christmas". After expenses, \$695.73 was raised.
