| **Total Cost** | | | **$ 444,000.00** |

**Sources of funding:**

**Grants: Community Development Block Grant**
**Donations:**
**Other**

**In 2004, the City of Higbee sent a survey to the citizens inquiring what they felt was important issues to address within the township. All reports stated that street repairs should be the first issue addressed. The City applied for a grant for the Community Development Block Grant in 2005 in hopes of receiving help in repairing the city streets. However, the City was not approved. The City of Higbee then re-submitted the grant adding more detailed information in 2007. At which time, they were awarded a two phase grant. Phase one was repairing the ditches and drainage around the City of Higbee. Phase two was to asphalt the priority city streets. The grant was completed in June 2009.**
