Project One: Memorial Bench

This project was done by the Bill Lantz family in honor and memory of their father after he passed away last year. The Lantz family has been in the Sheridan community for years and was happy to call Sheridan home. The family felt that putting a memorial bench in the park was a great way to honor their father, as well as, a great project for their community. The funding for this project was taken from the many memorials they received from family and friends.

We are very proud to use this project in this years' book. Bill Lantz was a great man who will be missed by many. This was a great way to honor him and the bench will be in the park for everyone to see and remember for years to come.
