# Welcome!

Hello Summiteers!

**Welcome to the Missouri Youth Civic Leaders Summit**, a statewide energizer for YOU—leaders of all ages who are active in leadership and service, and ready to make a difference in your communities and world!

**We welcome you to Windermere (our enchanted Oz for the weekend)** where over 20 youth/adult teams have gathered to represent clubs, councils, community betterment groups, and counties! Adventure awaits us along the “yellow brick road” with keynote presentations, breakout sessions, recreation, team talents, networking, action planning, and plenty of food, fun, and friendship!

**The theme for the 2018 Summit is “The Courage to Lead!”** What exactly is courage and where does it come from? The Wizard of Oz told the cowardly lion, “You have plenty of courage, I am sure. You only need confidence in yourself...True courage is in facing danger when you are afraid, and that kind of courage you have in plenty.” In other words, courage is “doing it, scared!”

**Courage is built upon a solid foundation of character.** It is both knowing and doing what is right even while afraid, because of a love for others and a hope in a desired future. This could be standing up to a bully at school, making an unpopular decision among friends, battling a life-altering injury or illness, or taking action on an unmet need in your community.

**Leaders will surely encounter all kinds of ‘wicked’ problems in their communities and world.** These issues, like poverty, health, wellness, sustainability (and flying monkeys), can seem to defy all understanding or any solution, and may cause us to lose sleep at night! But just like Dorothy and her friends, true leaders will greet these challenges with boldness and courage that is swift and persistent.

**Youth and adults like YOU are stepping up as leaders in the places you call “home.”** You are learning how to use your brains, hearts, bravery, and compassion to generate hope and opportunity! This weekend, we invite you to follow the “yellow brick road” of purposeful teamwork, action, and impact. Take this opportunity to build a strong team, reach for a greater leadership challenge, and grow your confidence and courage!

**On our path to the Emerald City, we have some amazing and inspiring guides!** The Lafayette County 4-H teens and MCB Youth Advisory Board are serving as your youth hosts. The incredible Iron County Wisconsin 4-H team has joined us to share their work in communities. Mizzou Alternative Breaks and Mizzou 4-H are with us to lead workshops, teambuilding, line dancing, and the talent showcase! By Sunday, your team will be ready to plan a project to do in your community. After all, as Dorothy says, “there’s no place like home!”

**YCLS is above all about growing youth-adult partnerships**—a space for teens and adults to share fun, leadership, and responsibility—to co-own the process and the results! Let’s ensure all words and actions this weekend show courtesy and respect, and uphold the six pillars of character. Doing so will guarantee everyone enjoys the Summit, and builds on that foundation of true courage! Have a great conference. Be re-energized and challenged. COURAGE up!

Sincerely,  
The 2018 YCLS Planning Team

# Summit Speakers

**Dylan Johnson**

Dylan Johnson graduated from Harrisonville High School in the Class of 2016. Shortly after, Dylan began volunteering on the primary campaign for Governor of the State of Missouri. He decided to take off his first semester of college at the University of Texas-Arlington, to continue his work on the Missouri Governors campaign. At 18, Dylan served as the Kansas City Regional Political Director, responsible for all campaign operations in the 26 counties in Northwestern Missouri. After the election, Dylan accepted a position on the Governor's Staff and currently serves as the youngest member of the administration, at age 19. Dylan holds the title of Director of Advance, responsible for all logistics and planning of the Governor's Office travel and events.

**Carey Portell**

Carey Portell, St. James, Missouri cattle rancher and motivational speaker, is the survivor of a drunk driving accident. She loves cattle ranching, but it is physically challenging. Carey has learned a "new normal" through the help of University of Missouri Extension's AgrAbility program and the Missouri Division of Vocational Rehabilitation. Her four-year recovery has sparked a passion to inspire others along a positive path in life.

## Iron County Youth Leadership Council (Wisconsin 4-H)

The Iron County Youth Leadership Council is a group of high school students from a rural county in northern Wisconsin. The county has a rich history of iron mining dating back to the late 1800's, but ceased in the 1960's. While many dwell on the days when the mining jobs drove the local economy, local youth have begun exploring what makes our county great today. The Leadership Council has been involved in several programs designed by the University of Wisconsin 4-H Youth Development Educator to engage youth in enhancing county assets and developing comprehensive plans to build on the community's strengths. They have helped in conducting Youth First Impression Exchanges throughout the state. An exchange consists of two community teams from similar-sized communities traveling to each other's towns and completing a secret shopper style survey. This provides each community with an outsider's opinion of what makes the other community great and what it can work to make stronger. By exploring other communities and discussing their assets, youth council members are better able to bring new ideas back to their hometowns, make suggestions to community leaders, and advocate for change. Youth voice has become a valuable commodity in Iron County, WI through participation in Youth First Impression Exchanges.

# The Leader in YOU

## *Are leaders born, or are they made?*

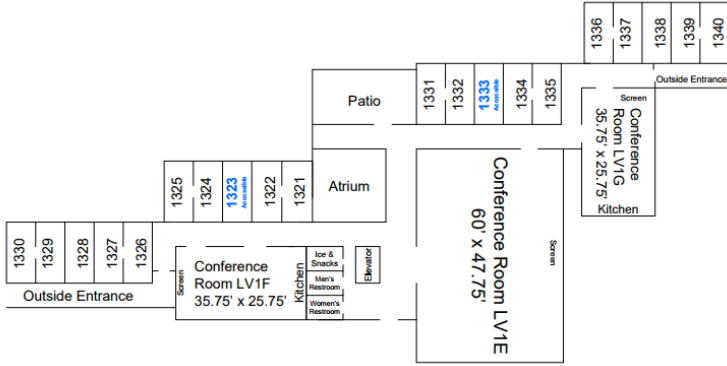

It depends on who you ask. Some believe leaders are born with influence, energy and creativeness. Others believe these skills are learned only through experience. No matter which side of the fence you fall on, one thing is for certain - leaders do not live alone. They need followers willing to see their vision, mentors willing to invest in their growth, and co-leaders to carry out the plan!

As you fill out the **LEADERSHIP MAP** below, reflect on where you are in your own leadership journey, and where you want to go in the next year. There is a leader in you, the real question is - will you let the world see you?

 <h3>LEADERSHIP ROLE</h3> <p><i>A position you aspire to fill in 2018 which you are positively influencing or directing others. This can be a formal title or a specific role you play on a team.</i></p> <p>What leadership role do you see yourself in within the next year?</p> <p>What will it take to be chosen or elected for this role?</p> <p>What can you do to prepare yourself for this role?</p>	 <h3>LEADERSHIP CHALLENGE</h3> <p><i>A goal or task for 2018 which pushes your comfort zone and stretches your leadership potential.</i></p> <p>What challenge do you wish to accomplish in the next year?</p> <p>Why does this challenge matter to you?</p> <p>What will it mean when you reach this goal?</p> <p>How will you know you have accomplished this goal?</p>
 <h3>LEADERSHIP SHADOW</h3> <p><i>A leader whom you admire, learn from, or aspire to imitate, who you will seek out and spend time with in 2018. This can be someone you know personally, or a leader you've observed from a distance.</i></p> <p>Who do you want to "shadow" in your journey as a leader?</p> <p>What top three characteristics made you choose this person?</p> <p>How can your behavior reflect this person?</p> <p>How will you know when you have successfully shadowed this person?</p>	 <h3>LEADERSHIP MENTOR</h3> <p><i>Someone who will encourage, support, or challenge you to be a strong leader in 2018. This must be someone you know personally with whom you can regularly interact.</i></p> <p>Who will you ask to be your mentor?</p> <p>What qualities do you want in a mentor?</p> <p>How can this mentor hold you accountable?</p> <p>What is the best way for this mentor to celebrate your success?</p>
