2017 Fall Conference Theme "Rural Progress & Pride"

Rural Progress -- MCB has been showcasing progress in rural Missouri communities since 1963. Progress in rural areas can consist of anything from community beautification, historic preservation and building renovations to an annual festival, farmer's market or a youth anti-bullying campaign. Each

example of progress is significant and of great value to the community members involved and impacted.

Rural Pride -- Any individual who has served as an MCB judge over the years can attest to the exuberant pride exhibited by residents within each of the communities they visited.

It is our pleasure to be allotted the opportunity to celebrate and showcase your accomplishments each year. We look forward to seeing your **progress** and **pride** again this year.
