**Keynote Speaker - Deb Brown**  
12:00 pm, October 15th

*"Getting Ready for the Future in Your Small Town"*. How can our small towns be ready for the future? Housing and workforce are the two biggest issues in rural communities. Our youth are leaving and not coming back. We need to be prepared for broadband and the influx of business that could come with it. Deb will discuss how you can address all these issues, give examples of other towns already doing it, and send you home with solutions. You can learn more about Deb Brown and Becky McCray's efforts by clicking on their website link below.
