Endorsement Letter for Vicky Keely as MCB Adult Leadership Award

To Whom It May Concern:

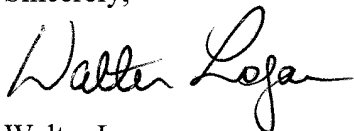

I wish to endorse Vicky Keely for recognition by Missouri Community Betterment for their Adult Leadership Award. I've observed Vicky working tirelessly over the last 20+ years. You will often find Vicky working behind the scenes doing many of the tasks from which others often shy away. She gives of her time freely to various organizations for the true betterment of our community never seeking or expecting recognition.

Over just the last few months, Vicky has spent untold hours being the lead person in coordinating food and apparel orders for the Bulldog (Sports) Boosters concession stands at various track meets; taking the lead in planning, decorating and serving the annual high school sports recognition banquet sponsored by the Boosters; opening and ensuring the Louisiana Recreation Association's concession stand is staffed and stocked ready for little league baseball games played every weeknight for seven weeks; serving on the planning committee for and teaching during the Ecumenical Vacation Bible School; teaching a youth Sunday School class at Centenary United Methodist Church; producing the annual newsletter of the Louisiana High School Alumni & Friends Association, practicing and performing with the Methodist Church Bell Choir; and catering a large wedding reception for the daughter of a co-worker at LaCrosse Lumber Company. These are only the ones of which I'm aware!

Her ability to organize, coordinate and get things accomplished are just some of the traits which allow Vicky to be a successful leader and volunteer. Her level of enthusiasm, energy, and positive attitude set the bar extremely high bringing out the best in those around her. Often times you will find her children and church youth serving beside her. It is clear she has instilled the same dedication to lead and serve in them.

In summary, Vicky goes above and beyond what is expected of those serving as she does. Those who have been blessed to know Vicky and serve with her would agree, if Louisiana had more people like her our town would be a crown jewel. She is proud to call Louisiana her lifelong home and Louisiana is a better place today because of the leadership of Vicky Keely.

Sincerely,

A handwritten signature in black ink that reads "Walter Logan". The signature is written in a cursive style with a large, prominent "W" and "L".
